## Introduction

This directory provides a list of plan providers for MedicareBlue PPO's (Regional PPO). To get detailed information about your health care coverage, please see your Evidence of Coverage.

The “plan providers” listed in this directory have agreed to provide you with your health care coverage. You may go to any of our plan providers listed in this directory. If you have been going to one plan provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-plan providers.

You can see any provider you wish that accepts Medicare patients without a referral from the plan. If you get a health care service from a plan provider, this is known as an “in-network” service. The plan providers who provide you with health care services are called “network” providers. A health care service you get from a non-plan provider is known as an “out-of-network” service. Your out-of-pocket costs may be higher with an out-of-network provider than if you use our plan providers.

You do not need a referral to see an in-network or out-of-network provider. However, before getting an out-of-network service, you may want to check with MedicareBlue PPO (Regional PPO) to see if the service you are getting is covered by your plan and is medically necessary. Certain services that we offer are not covered out-of-network. For more information, please see your Evidence of Coverage.

### **What is the service area for MedicareBlue PPO (Regional PPO)?**

The states in our service area are listed below. The MedicareBlue PPO (Regional PPO) service area is a seven-state region that includes all counties, cities and other areas in the following states: Iowa, Minnesota, Montana, Nebraska, North Dakota, South Dakota and Wyoming. It also includes some providers in counties bordering the service area.

### **How do you find MedicareBlue PPO (Regional PPO) providers in your area?**

Separate provider directories are available for each state in the plan's service area. MedicareBlue PPO (Regional PPO) pre-printed provider directories are available for the following areas:

- § Iowa and Omaha, NE
- § Minnesota – Minneapolis/St. Paul (Anoka, Carver, Dakota, Hennepin, Ramsey, Scott and Washington counties)
- § Minnesota – Excluding Minneapolis/St. Paul (all other Minnesota counties)
- § Montana
- § Nebraska
- § North Dakota
- § South Dakota
- § Wyoming

This Directory of Providers lists the names, addresses and telephone numbers of doctors, hospitals and other health professionals that are contracted through the Blue

Cross and Blue Shield plans to provide services to MedicareBlue PPO (Regional PPO) members within the seven-state regional area. Your directory is organized into several sections for your convenience. It is designed to help you choose physicians and other health care professionals best suited to your needs. All provider listings include the provider's practice address or addresses and telephone number. If you know the name of the provider you'd like to see, there is a physician index in the last part of this directory for your convenience. Always confirm with the provider the provider's address, phone number, specialty and continued participation status before making an appointment.

You received this Directory of Providers based on your area of residence. If you would like to search for other providers or request a directory for another part of the MedicareBlue PPO (Regional PPO) seven-state regional service area, please visit [www.YourMedicareSolutions.com](http://www.YourMedicareSolutions.com) or call Member Services.

To get the most up-to-date information, you may want to use one of the following methods:

- § **Online:** Access provider directories for all of the states in the regional service area online at [www.YourMedicareSolutions.com](http://www.YourMedicareSolutions.com). You can download the complete Directory of Providers for any state in the service area and only print the pages you need.

Or use the "Find a Doctor and Hospital" function to search for the nearest participating providers based on city, state, ZIP code or by address. You can also search by physician or facility name or specialty. You may view a personalized provider listing of 100 providers, including driving directions, that meet your search criteria, or you may download and print the listing.

The online directories and database contain the most up-to-date information.

- § **Phone:** Call 1-888-457-3009 and a Member Services representative will help you locate a network provider. Member Services is available 8 a.m. to 8 p.m., daily, Central and Mountain Time. TTY users should call 1-888-457-3005.

If you have questions about providers, please call our Member Services at 1-888-457-3009, 8 a.m. to 8 p.m., daily, Central and Mountain Time. TTY users should call 1-888-457-3005. Or, visit [www.YourMedicareSolutions.com](http://www.YourMedicareSolutions.com).

### **Pharmacy Directory**

A Pharmacy Directory was sent to you in your enrollment welcome packet. If you need to find other network pharmacies, please call Member Services at 1-888-457-3009, 8 a.m. to 8 p.m. daily, Central and Mountain Time. TTY users should call 1-888-457-3005. Or, visit [www.YourMedicareSolutions.com](http://www.YourMedicareSolutions.com).

### **What should you do if you have bills from non-plan providers that you think should be paid by MedicareBlue PPO (Regional PPO)?**

"Non-plan providers" are providers that are not part of MedicareBlue PPO (Regional PPO). If a non-plan provider asks you to pay for covered services, please contact us at 1-888-457-3009 (TTY users should call 1-888-457-3005), 8 a.m. to 8 p.m., daily, Central

and Mountain Time. Or write to us at MedicareBlue PPO (Regional PPO), P.O. Box 8438, Philadelphia, PA 19101. You should never pay any provider more than what is allowed by Medicare. The non-plan provider has a right to get his/her fees, but does not have a right to get them from you. Ask the non-plan provider to bill us first. If you have already paid for the covered services, we will reimburse you for our share of the cost. If you get a bill for the services, you can send the bill to us for payment. We will pay your non-plan provider for our share of the bill and will let you know what, if anything, you must pay.

### **Getting care when traveling or away from the plan's service area**

You can get care when you are traveling outside the service area. You receive in-network benefits for medically necessary out-of-network covered services when traveling outside the seven-state service area anywhere in the United States for up to six months. MedicareBlue PPO (Regional PPO) covers emergency or urgently needed care anywhere in the United States, whether it is provided by a plan or non-plan provider. The plan also covers emergency care worldwide, although you may have to pay for the care and file a claim to be reimbursed.

### **What to do if you have a medical emergency**

A situation is a "medical emergency" if you reasonably believe that your health is in serious danger, whether you are in or outside of the service area. It means that every second counts. Some examples of "medical emergencies" are severe pain, a bad injury, a serious illness or a medical condition that is getting worse.

If you have a medical emergency, get medical help as quickly as possible. Call 911 for immediate help or go directly to the nearest emergency room, hospital or urgent care center. However, as soon as possible, you or someone else should contact your doctor or medical group about your emergency. Your doctor needs to know about your emergency because your medical group will provide follow-up care. Please try to contact your doctor or medical group about your emergency within 48 hours.

Generally, the hospital or doctors providing emergency care will try to talk to your medical group. This helps the plan to arrange for plan providers to take over your care as soon as your condition and circumstances get better. Once your doctor or medical group takes over your care or agrees with the attending hospital on an appropriate course of action (or once you are discharged if you are fully recovered), you are no longer in an emergency situation. Although you are past the emergency, you may still need follow-up care. However, your plan is responsible for your follow-up care. Your plan will only pay for follow-up care after your emergency if you follow the plan rules. For more information on emergency care, please see your Evidence of Coverage.

### **What to do if you have an urgent care need**

Urgently needed care is when you need help for an unforeseen illness, injury or condition, are inside the United States and either in or temporarily outside of the plan's service area. If you are inside the plan's service area, please call your doctor or go to an urgent care center. They can help with decisions as whether you need to go to an emergency room, or provide guidance and insight on a medical condition.

**NOTE:** Network participation is subject to change, so it is important for you to verify if the provider is still in the network. To verify this information, please contact the provider before you receive medical services. If you choose to obtain services from a non-network provider when there is a network provider available in the service area, you will pay out-of-network cost-sharing which is generally higher than the cost-sharing for services obtained from a network provider. If there are no network providers available to provide a needed service, please call Member Services and MedicareBlue PPO (Regional PPO) will cover services at a non-contracted provider at the in-network cost-sharing amounts. Some hospitals listed in the MedicareBlue PPO (Regional PPO) Directory of Providers may be identified as “essential hospitals” (depending on the service area covered by the directory). While essential hospitals are non-contracted providers, MedicareBlue PPO (Regional PPO) will cover services at these hospitals at the in-network cost-sharing amounts. If you can’t find a network provider, contact Member Services for assistance in locating a provider in your area.
