

# 2020 Annual Notice of Changes

MedicareBlue Rx Premier (PDP) offered by  
Blue Cross and Blue Shield

## Annual Notice of Changes for 2020

You are currently enrolled as a member of MedicareBlue Rx Premier. Next year, there will be some changes to the plan's costs and benefits. This booklet tells about the changes.

**You have from October 15 until December 7 to make changes to your Medicare coverage for next year.**

### What to do now

#### 1. ASK: Which changes apply to you

- Check the changes to our benefits and costs to see if they affect you.**
  - It's important to review your coverage now to make sure it will meet your needs next year.
  - Do the changes affect the services you use?
  - Look in Sections 1.1, 1.2 and 1.3 for information about benefit and cost changes for our plan.
- Check the changes in the booklet to our prescription drug coverage to see if they affect you.**
  - Will your drugs be covered?
  - Are your drugs in a different tier, with different cost sharing?
  - Do any of your drugs have new restrictions, such as needing approval from us before you fill your prescription?
  - Can you keep using the same pharmacies? Are there changes to the cost of using this pharmacy?
  - Review the 2020 Drug List and look in Section 1.3 for information about changes to our drug coverage.
  - Your drug costs may have risen since last year. Talk to your doctor about lower cost alternatives that may be available for you; this may save you in annual out-of-pocket costs throughout the year. To get additional information on drug prices visit [go.medicare.gov/drugprices](https://www.go.medicare.gov/drugprices). These dashboards highlight which manufacturers have been increasing their prices and also show other year-to-year drug price information. Keep in mind that your plan benefits will determine exactly how much your own drug costs may change.
- Think about your overall health care costs.**
  - How much will you spend out-of-pocket for the services and prescription drugs you use regularly?
  - How much will you spend on your premium and deductibles?
  - How do your total plan costs compare to other Medicare coverage options?
- Think about whether you are happy with our plan.**

#### 2. COMPARE: Learn about other plan choices

- Check coverage and costs of plans in your area.**
  - Use the personalized search feature on the Medicare Plan Finder at the [medicare.gov](https://www.medicare.gov) website. Click "Find health & drug plans."
  - Review the list in the back of your *Medicare & You* handbook.
  - Look in Section 2.2 to learn more about your choices.
- Once you narrow your choice to a preferred plan, confirm your costs and coverage on the plan's website.**

### 3. CHOOSE: Decide whether you want to change your plan

- If you want to **keep** MedicareBlue Rx Premier, you don't need to do anything. You will stay in MedicareBlue Rx Premier.
- To change to a **different plan** that may better meet your needs, you can switch plans between October 15 and December 7.

### 4. ENROLL: To change plans, join a plan between October 15 and December 7, 2019

- If you don't join another plan by **December 7, 2019**, you will stay in MedicareBlue Rx Premier.
- If you join another plan by **December 7, 2019**, your new coverage will start on **January 1, 2020**.

## SECTION 1 Changes to Benefits and Costs for Next Year

### Section 1.1 – Changes to the Monthly Premium

Cost	2019 (this year)	2020 (next year)
<b>Monthly premium</b> (You must also continue to pay your Medicare Part B premium unless it is paid for you by Medicaid.)	<b>\$89.70</b>	<b>\$89.60</b>

- Your monthly plan premium will be more if you are required to pay a lifetime Part D late enrollment penalty for going without other drug coverage that is at least as good as Medicare drug coverage (also referred to as “creditable coverage”) for 63 days or more.
- If you have a higher income, you may have to pay an additional amount each month directly to the government for your Medicare prescription drug coverage.
- Your monthly premium will be less if you are receiving “Extra Help” with your prescription drug costs.

### Section 1.2 – Changes to the Pharmacy Network

Amounts you pay for your prescription drugs may depend on which pharmacy you use. Medicare drug plans have a network of pharmacies. In most cases, your prescriptions are covered *only* if they are filled at one of our network pharmacies. Our network includes pharmacies with preferred cost sharing, which may offer you lower cost sharing than the standard cost sharing offered by other network pharmacies for some drugs.

There are changes to our network of pharmacies for next year. An updated *Pharmacy Directory* is located on our website at **YourMedicareSolutions.com**. You may also call Customer Service for updated provider information or to ask us to mail you a *Pharmacy Directory*. **Please review the 2020 Pharmacy Directory to see which pharmacies are in our network.**

### Section 1.3 – Changes to Part D Prescription Drug Coverage

#### Changes to Our Drug List

Our list of covered drugs is called a Formulary or “Drug List.” A copy of our Drug List is provided electronically at **YourMedicareSolutions.com**.

We made changes to our Drug List, including changes to the drugs we cover and changes to the restrictions that apply to our coverage for certain drugs. **Review the Drug List to make sure your drugs will be covered next year and to see if there will be any restrictions.**

If you are affected by a change in drug coverage, you can:

- **Work with your doctor (or other prescriber) and ask the plan to make an exception** to cover the drug. **We encourage current members** to ask for an exception before next year.
  - To learn what you must do to ask for an exception, see Chapter 7 of your *Evidence of Coverage (What to do if you have a problem or complaint (coverage decisions, appeals, complaints))* or call Customer Service.
- **Work with your doctor (or other prescriber) to find a different drug** that we cover. You can call Customer Service to ask for a list of covered drugs that treat the same medical condition.

**SECTION 1 Changes to Benefits and Costs for Next Year**

In some situations, we are required to cover a temporary supply of a non-formulary drug in the first 90 days of the plan year or the first 90 days of membership to avoid a gap in therapy. For 2020, members in long term care (LTC) facilities will now receive a temporary supply that is the same amount of temporary days' supply provided in all other cases: a 31-day supply of medication rather than the amount provided in 2019 (90 to 98-day supply of medication). (To learn more about when you can get a temporary supply and how to ask for one, see Chapter 3, Section 5.2 of the *Evidence of Coverage*.) During the time when you are getting a temporary supply of a drug, you should talk with your doctor to decide what to do when your temporary supply runs out. You can either switch to a different drug covered by the plan or ask the plan to make an exception for you and cover your current drug.

Meanwhile, you and your doctor will need to decide what to do before your temporary supply of the drug runs out.

- Perhaps you can find a different drug covered by the plan that might work just as well for you. You can call Customer Service for assistance with alternative medications that treat the same medical condition(s). This list can help your doctor or other prescriber to find a covered drug that might work for you.
- You and your doctor can ask the plan to make an exception for you and cover the drug. You can ask for an exception in advance for next year and we will give you an answer to your request before the change takes effect. To learn what you must do to ask for an exception, see Chapter 7 of the separately mailed *Evidence of Coverage (What to do if you have a problem or complaint (coverage decisions, appeals, complaints))*.
- If you are a current member and a drug you are taking will be removed from the formulary or restricted in some way for next year, we will allow you to request a formulary exception in advance for next year. We will tell you about any change in the coverage for your drug for the following year. You can submit a formulary exception request asking that the drug be covered in 2020 beginning November 1, 2019, and we will notify you of the decision within 72 hours from the time we receive the request.

- Current formulary exceptions may still be covered, depending on the circumstance. You can call Customer Service to confirm coverage duration.

Most of the changes in the Drug List are new for the beginning of each year. However, during the year, we might make other changes that are allowed by Medicare rules.

When we make these changes to the Drug List during the year, you can still work with your doctor (or other prescriber) and ask us to make an exception to cover the drug. We will also continue to update our online Drug List as scheduled and provide other required information to reflect drug changes. (To learn more about changes we may make to the Drug List, see Chapter 3, Section 6 of the *Evidence of Coverage*.)

**Changes to Prescription Drug Costs**

*Note:* If you are in a program that helps pay for your drugs ("Extra Help"), **the information about costs for Part D prescription drugs may not apply to you.** We have included a separate insert, called the "Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs" (also called the "Low Income Subsidy Rider" or the "LIS Rider"), which tells you about your drug costs. If you receive "Extra Help" and didn't receive this insert with this packet, please call Customer Service and ask for the "LIS Rider." Phone numbers for Customer Service are in Section 6.1 of this booklet.

**SECTION 1 Changes to Benefits and Costs for Next Year**

There are four “drug payment stages.” How much you pay for a Part D drug depends on which drug payment stage you are in. (You can look in Chapter 4, Section 2 of your *Evidence of Coverage* for more information about the stages.)

The following information shows the changes for next year to the first two stages – the Yearly Deductible Stage and the Initial Coverage Stage.

(Most members do not reach the other two stages – the Coverage Gap Stage or the Catastrophic Coverage Stage. To get information about your costs in these stages, look at Chapter 4, Sections 6 and 7, in the *Evidence of Coverage*, which is located on our website at **YourMedicareSolutions.com**. You may also call Customer Service to ask us to mail you an *Evidence of Coverage*.)

We changed the tier for some of the drugs on our Drug List. To see if your drugs will be in a different tier, look them up on the Drug List.

**SECTION 2 Deciding Which Plan to Choose****Changes to the Coverage Gap and Catastrophic Coverage Stages**

The other two drug coverage stages – the Coverage Gap Stage and the Catastrophic Coverage Stage – are for people with high drug costs. **Most members do not reach the Coverage Gap Stage or the Catastrophic Coverage Stage.**

For information about your costs in these stages, look at Chapter 4, Sections 6 and 7, in your *Evidence of Coverage*.

**SECTION 2 Deciding Which Plan to Choose****Section 2.1 – If You Want to Stay in MedicareBlue Rx Premier**

**To stay in our plan, you don't need to do anything.**

If you do not sign up for a different plan by December 7, you will automatically stay enrolled as a member of our plan for 2020.

**Section 2.2 – If You Want to Change Plans**

We hope to keep you as a member next year but if you want to change for 2020, follow these steps:

**Step 1: Learn about and compare your choices**

- You can join a different Medicare prescription drug plan;
- – *OR* – You can change to a Medicare health plan. Some Medicare health plans also include Part D prescription drug coverage;
- – *OR* – You can keep your current Medicare health coverage and drop your Medicare prescription drug coverage.

To learn more about Original Medicare and the different types of Medicare plans, read *Medicare & You 2020*, call your State Health Insurance Assistance Program (see Section 4), or call Medicare (see Section 6.2).

You can also find information about plans in your area by using the Medicare Plan Finder on the Medicare website. Go to **medicare.gov** and click

“Find health & drug plans.” **Here you can find information about costs, coverage, and quality ratings for Medicare plans.**

As a reminder, Blue Cross and Blue Shield offers other Medicare health plans and Medicare prescription drug plans. These other plans may differ in coverage, monthly premiums, and cost-sharing amounts.

**Step 2: Change your coverage**

- To change **to a different Medicare prescription drug plan**, enroll in the new plan. You will automatically be disenrolled from MedicareBlue Rx Premier.
- To **change to a Medicare health plan**, enroll in the new plan. Depending on which type of plan you choose, you may automatically be disenrolled from MedicareBlue Rx Premier.
  - You will automatically be disenrolled from MedicareBlue Rx Premier if you enroll in any Medicare health plan that includes Part D prescription drug coverage. You will also automatically be disenrolled if you join a Medicare HMO or Medicare PPO, even if that plan does not include prescription drug coverage.
  - If you choose a Private Fee-For-Service plan without Part D drug coverage, a Medicare Medical Savings Account plan, or a Medicare Cost Plan, you can enroll in that new plan and keep MedicareBlue Rx Premier for your drug coverage. Enrolling in one of these plan types will not automatically disenroll you from MedicareBlue Rx Premier. If you are enrolling in this plan type and want to leave our plan, you must ask to be disenrolled from MedicareBlue Rx Premier. To ask to be disenrolled, you must send us a written request or contact Medicare at **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, seven days a week (TTY users should call **1-877-486-2048**).

### SECTION 3 Deadline for Changing Plans

- To **change to Original Medicare without a prescription drug plan**, you must either:
  - Send us a written request to disenroll. Contact Customer Service if you need more information on how to do this (phone numbers are in Section 7.1 of this booklet).
  - – *OR* – Contact **Medicare**, at **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, seven days a week, and ask to be disenrolled. TTY users should call **1-877-486-2048**.

---

## SECTION 3 Deadline for Changing Plans

---

If you want to change to a different prescription drug plan or to a Medicare health plan for next year, you can do it from **October 15 until December 7**. The change will take effect on January 1, 2020.

### Are there other times of the year to make a change?

In certain situations, changes are also allowed at other times of the year. For example, people with Medicaid, those who get “Extra Help” paying for their drugs, those who have or are leaving employer coverage, and those who move out of the service area may be allowed to make a change at other times of the year. For more information, see Chapter 8, Section 2.2 of the *Evidence of Coverage*.

## SECTION 4 Programs That Offer Free Counseling about Medicare

---

The State Health Insurance Assistance Program (SHIP) is a government program with trained counselors in every state. See the list that follows for the SHIP in your state.

The SHIP programs are independent (not connected with any insurance company or health plan). They are state programs that get money from the Federal government to give **free** local health insurance counseling to people with Medicare. SHIP counselors can help you with your Medicare questions or problems. They can help you understand your Medicare plan choices and answer questions about switching plans. You can call SHIPs at the following information.
